

The Federal Communications Commission

Dear The Federal Communications Commission,

I do not want to pay more for my telephone service! I urge you to reject a flat fee proposal that would change how contributions are made to the Universal Service Fund. I am concerned that this proposal could make my current service unaffordable.

I use my wireless phone only for safety, security and convenience. I have a speech disability and use TracPhone for emergencies only. I have a limited income and cannot afford to pay for regular cell phone due to living on a fixed income. I don't want to lose these benefits so that big businesses can pay less than their fair share. I urge you to reject the proposal to move the USF collection system to a flat-fee.

Keep the USF Fair!

Sincerely,

Karen Lynch 1564 Bateman Galesburg, IL 61401
